

Place to Stay in Paris

Hotel San Regis

The essence of classical Parisian style has been preserved at the Hotel San Regis, keeping the unique atmosphere of the former private townhouse built in 1857. The Stylish Residence was converted into an elegant ho-

tel back in 1923 by a famous restaurateur Simon Andre Terrail. Home to celebrities since "Fifties", Hotel San Regis enjoys an impressive location near Champs-Elysees. In 1984, the hotel was acquired by Elie George, an hotelier and an art loving business man. Preserving the exquisite charm of the stylish

residence and restoring the original fine antiques, French interior designer Pierre-Yves Rochon supervised the renovation of the hotel, making each room a unique decor and emphasizing the character of the private home.

Like an exquisite "home away from home" the 32 rooms and 11 suits interiors are ravishing in colors, textures and imagination, displaying the owner's passion for this house of character. Each room has its own setting, highlighting fine fabrics coming from great houses like Pierre Frey and Manuel Canovas and matching with exceptional period furniture, Italian marbles and work of art.

Unique master pieces can be found such as beautiful chest of drawers, writing desks, bedside tables in Prestige rooms and Suites. Colors are varying from a room to another from soft blues to flowery patterns, making each room a unique experience.

In San Regis, a member of Small Luxury Hotels of the world, one experiences luxury of exclusive and discreet service. With the attention to detail, together with the exclusive decor and unique location, Hotel San Regis remains a privileged hideaway for personalities and discerning travelers.
